SPECIAL AWARD TO CHAMPIONS

WE SAID 1948 WAS THE YEAR FOR BREED EXPANSION

OMAHA THE PLACE TO DO IT.

With three great International steer victories over all breeds . . . with the results of added weight for age through the use of Shorthorn bulls on commercial cows now a matter of undisputed record . . . with commercial producers everywhere seeking top-notch Shorthorn bulls . . . we know that 1948 is the year for real breed expansion. So we decided to do something about it and make the breed's greatest annual bull sale the greatest bull sale in Shorthorn history. 135 rugged, high quality, weight-for-age producing Shorthorn bulls from the breed's finest herds will be sold in the 33rd annual Omaha Shorthorn Show and Sale on February 18. One day later, on February 19, we will sell 65 of the best Polled Shorthorn bulls to be offered for public auction this year at the 33rd annual Omaha Polled Shorthorn Sale. A select group of foundation females will be offered in each event.

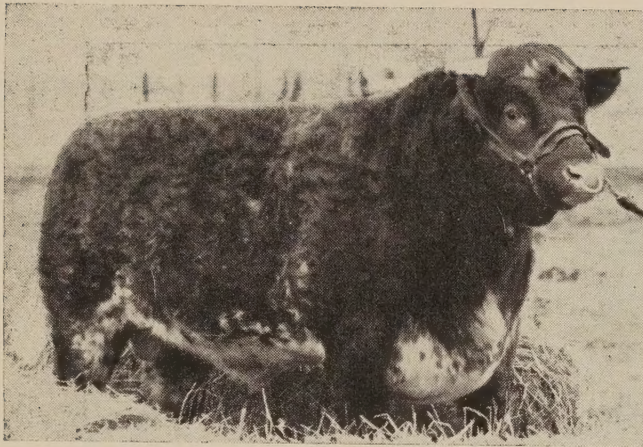

HERE'S A POWERFUL OMAHA TESTIMONIAL

For many years the Hall Cattle Company, large producers of high grade commercial cattle at Alliance, Nebraska, have used Shorthorn bulls along with bulls of another breed in alternate five year periods. A number of five year periods have been completed. These are the astounding results . . . the calves weighed an average of 88 pounds more per head when sold as feeders at the time they had the highest percentage of Shorthorn blood! Shorthorn bulls used in this experiment were purchased in Omaha Sales. Last year Mr. Hall selected 11 bulls from our offering.

WHY TRAVEL FROM SALE TO SALE?

The 33rd Annual Omaha Sale is designed to provide the widest selection of top-notch bulls to be offered in 1948. Consignors to the Omaha sale know that the competition will be tough. That's why they are a'l in there pitching with their best. You'll find exactly the right bull to fill your needs at Omaha. Remember the best in Shorthorn and Polled Shorthorn bloodlines will be sold at Omaha on February 18th and 19th.

Achtoi's Signet 2084518 is being sold through no fault of his own. We do not have enough cows to warrant keeping two bulls and we are retaining all of his heifers, have never sold or offered for sale a single one of them. His bull calves have all sold readily for an average of \$380. These facts should be sufficient to prove him a good breeding bull. Will be most happy to have you see him on sale day and pass judgment as to individuality.

One son went to Frank Kennedy where he made good; another daughter went to Ray Saunders for \$410 in our 1945 sale; and still another daughter is perhaps the best Nugget heifer we own, who incidentally is the mother of our junior herd sire, Braemor Starry Archer 13th. This is the line of Golden Chains which produced the champion heifer at Sioux City and the top bull at Omaha last year. He has the breeding and conformation to be a really top breeding bull.

215 BULLS OMAHA

If you can say, "My herd bull was one of the tops at the great 33rd Annual Omaha Shorthorn and Polled Shorthorn Sales," it will be a testimonial that really means something. It will mean that you selected the cream of the finest herds located west of the Mississippi. It will mean that you selected your herd bull from 215 grand specimens.

The cattle in Omaha Sales are not pampered. They are offered in healthy breeding condition. Good heads, modern type, ruggedness, and rich pedigrees are the points that are stressed in Omaha offerings. These bulls are the kind that prove beyond a doubt the unsurpassed qualities of Shorthorns in the efficient production of beef. One of the reasons that Omaha bull offerings are so uniformly strong is the fact that our consignors know that this sale is designed to make Shorthorn enthusiasts of all the buyers.

You can buy one or a carload. No lover of Shorthorns or Polled Shorthorns should miss this "breed expansion sale."
